20 There is no fee for justice in a court of record and that is what is
21 sought and required by law

22 Three such laws are ^csited in this paper, proof of PAG, Investigator and Witness, there are over
23 125 mentions in law. I would be happy to provide this additional information on an individual
24 basis. The fees are an affectation of courts nothing to do with lawful.

44 immediately.

45 To paraphrase ORS I do not have to provide legal conforming documents. I was

48 effort. I will respond to any questions on the document to clarify with my best

I'm sure by now all concede PAG exists and that is we Henry Lyle Mayhew and Ronald Charles Vrooman, in this instance. If you want that PAG/Attorney boiler plate I have 50 pages of it.

What court are you in? Because!

We declare common law in the body of our action, under declared Private Attorney General (federal version) under Congress legislated authority, we declare Civil rights vindication in statues with witness and investigator clause, another congress legislated court and the judge creates it under common law with general federal common law, we now provide standing for PAG, we also invoke RICO, [what we are guaranteed is general Federal common law for due process, Statutory mandates on Civil rights infringement, THE CONSTITUTION off/for the United/united States of America **WHICH IS BACK IN PLAY NOT ANNOTATED FEDERAL RULES UNDER PUBLIC POLICY. CONGRESS STATUES WE CAN ENFORCE, with the power of this court's order and the enforcement of the US Marshall etc]**

That the Fortieth Congress Sess. II. Ch 249, 250, 251, 252, 253, 254, 255. 1868, this corporation, Sec 6 – And be it further enacted, That Congress may at any time alter, amend, or revoke the said Corporation, approved July 27, 1868, whereby all issues herein are controlled or produced by Congress and or in a consort by enemies foreign and domestic, such as but not limited to Lobbyist, criminal activity, International Communist supporting New World order, and et al, issues interfering with the Sovereignty of the benefit of the people,

Point in Law:

Title 8 U.S.C. 1481 states, once oath of office is taken citizenship is relinquished, thus the oath taker becomes a foreign entity, agency, or state. That means every public office is a foreign state, even all political subdivisions; i.e., every single court is considered a separate foreign entity.

82 Point in Law:

83 Article 10, THAT The powers not delegated to the United States by the
84 Constitution, nor prohibited by it to the States, are reserved to the States
85 respectively, or to the people.

86 Point in Law:

87 The Sovereignty of The United States resides in the People, the Congress cannot
88 invoke the sovereigns power of the people to override their will as declared in
89 Constitution, *Perry v. United States*, 294, U.S. 330, 353 (1935).

90 Point in Law:

91 "Congress can exercise no power by virtue of any supposed inherent sovereignty in
92 the General Government. Indeed, it may be doubted whether the power can be
93 correctly said to appertain to sovereignty in any proper sense as an attribute of an
94 independent political community. The power to commit violence, perpetrate
95 injustice, take private property by force without compensation to the owner, and
96 compel the receipt of promises to pay in place of money, may be exercised, as it
97 often has been, by irresponsible authority, but it cannot be considered as belonging
98 to a government founded upon law. But be that as it may, there is no such thing
99 as a power of inherent sovereignty in the Government of the United States." -
100 *Juilliard v. Greenman*, (1884) 110 U.S. 421.

101

102

103 Civil right violations, due process violations and Rico are proven in the above
104 court records and they all stitch together nicely, with additional information.

105 **The issue here is determining:**

106 **Culpability of Katherine Kate Brown #851634 (sp) to what degree**, acting
107 appointed Governor in Salem, Oregon, in the results of her actions. While, as CEO
108 of the Corporation for profit DUNS# 034029589 listed for Oregon the corporation
109 in fraud for government, it is *proven she gave the orders* on television, that started
110 the cavalcade of events leading to the murder of Robert Lavoy Finnicum, the loss

of civil rights etc to the Bundy et al group and that goes for everyone of us, that counts in the we, and PAG as one of the people. Private Attorney Generals Across America. What needs to be established is the degree of culpability. Then we can assess a remedy on the person known as Kate Brown and as the CEO Kate Brown 851634 of corporation Oregon #034029589 personally or/and her bond or risk management company. I read that there is no difference in court between civil and criminal it is a legal thing pretended by BAR. I do lawful and juries sort that out.

Be aware: there is rumor of communication between Kate Brown and Valerie of the POTUS crew; we will be investigating that also.

Provide the court of record, to hear the government defend its position as such; we have the plaintiff and we have Katherine standing in for the government on Bundy et al so we know the government has at least that one representative as recorded in Anna J. Brown's # 80173 court in Portland. Notice to the agent is notice to the principle and so forth.

We and I challenge the government (the one (s) represented by Katherine Delgaard Armstrong (sp) she uses many similar names, for the plaintiff a member of the BAR or ABA #051801456 (we need to see her foreign agents card required by law and we have the proof! and of the FBI a known corporation acting in color of law)(Pinkerton Act) to come forth and prove the statements made. :governments such as: United States Of America last known to lawfully operate 1860. The only government! The one lawfully holding that position, in the Declaration of Independence, Articles of Confederation and the Constitution and the Constitutions of 38 known states. That identifies one government, prove you have that! Not as an exclusive proof; you may also prove, you actually document government. We find color and no law; just lying, deceitful, fraud. I heard the Constitutionally mandated Post Office still exists, make the suit for the Post Office. You declare it. Prove it. Assumed name certificate for whom?

Oregon is another government; identified by its acceptance into the union of the several states. Provide those documents that there is a lawful government Oregon. We find only corporations. No lawful Oregon Government since Nov. 8, 1910 I can prove it. You declared it, prove it.

143 **Government! prove it.**

144 **Provide the flesh and blood that you contend is government. Government is**
 145 **named and identified each and every position: identify and bring them forth.** I have
 146 searched and many others will testify as federal witnesses, we can't find
 147 government. We find the documents that identify government but none exists. I
 148 know rumor of Constitutions and dates and Republics and oaths and bonds, take
 149 heed.

150 Maybe it is for us to decide. I offer remedy at any time you want to hear it.

151 Our government! The description of which is provided by our 4 or 5 organic
 152 documents and a special dictionary. We all know what government is. You claim
 153 it, you prove it.

154 **Multnomah and Harney Counties come forth with the proof of government.**

155 **Any glaring errors are ours the little ones also. If we missed naming someone we**
 156 **can fix that, if my arithmetic is off, it is all by code and we can read it together.**

157 **All governments named and un-named must abide by these proceeding from start**
 158 **to finish. Again notice to the agent and so forth.**

159 **Factual Background**

160 **We find no evidence of jurisdiction, even when it is claimed. Investigation seems**
 161 **to indicate this is all cooked up, bogus color of law and government. That**
 162 **information was submitted and returned by the court. Not 100% of filings other**
 163 **documents that were submitted were return. Removing evidence from the record is**
 164 **unlawful. Someone is sanitizing the record to control what is in the record at**
 165 **appeal. Another civil rights violation at minimum.**

166 **We find evidence of fraud when we look for government. Please ask for my**
 167 **attachments if you wish additional factual background, I got a ton left over from**
 168 **another case. The use of pro-nouns I, me, we, are listed by named plaintiff.**

169 **All of the categories in the Notice and Demand have additional information**
 170 **available. There are PAG people that actually like stacking up case history and**
 171 **documentation. One guy dropped 4,000 pages lawfully on the government, taped**

172 into boxes. Ex parte Milligan Trowbridge Lufkin come to mind and I will submit
 173 details if you wish. We all got the same duckduckgo. The only reason there is a
 174 case for the government is! it was start ordered by Kate Brown, then she got a
 175 bogus law to hide the OSP 93-6001779 shooters.

176 We find the case in Bundy et al to be void ab initio.

177 Breech of Agreement

178 The agreement is published in the Constitution of the United States of America
 179 circa 1819 thru 1860, The Declaration of Independence, and the Oregon
 180 Constitution (original), Articles of Confederation and the Northwest Ordinance
 181 1787.

182 Show what evidence the government has, that the Constitution used after the
 183 Congress adjourned sine die in 1860 has been lawfully changed legislatively. I find
 184 no record that the several states have met in congress together since Lincoln was
 185 POTUS.I paraphrase. You claim to represent government Katharine Delgaard
 186 Armstrong (SP) show me their/your proof.

187 INJURIES

188 Robert LaVoy Finnicum was denied his civil rights, due process unto death during
 189 the false arrest and incarceration of the accused in Bundy et al in Oregon. It is the
 190 most egregious act but as the federal corporation, is tied to the states and counties
 191 and municipalities they are all guilty the government. Katherine is the documented
 192 representative. This repugnancy, tested, to our Constitution(s) to cause unlawful
 193 acts is to be nullified. We will be allowed extension at trial, into a larger class
 194 action law suit to include; all and any civil rights violations, due process violations,
 195 and RICO that arise from this/these issue(s). The wrongful arrest and incarceration
 196 of Ronald Vrooman and Ross Abordokaninau (sp) and uncounted others to be
 197 determined. Payment to be used as a partial remedy. It is a government mind set,
 198 flip the authority by rule or statute or other word art or law art to deny the
 199 **government of, by and for the people.**

200 That is a partial definition of what you must prove in a court of record with all the
 201 yata yata . No color of law government accepted. Government (alleged) has hurt us

202 all by fraud and deceit. It is true, the actual identity suffers obfuscation. I'm sure a
203 jury will select the correct choice for government.

204 Dealing with the representatives of government is a joke. Department of Justice
205 #011669674 071813036, The Federal District Court in Portland is part of a DC
206 municipal court that is incorporated and no longer a constitutionally guaranteed
207 judiciary. But , it is all that is available by law concerning PAG, civil rights, due
208 process and RICO.[Kate Brown is a proven scoff law and when we get her in
209 court we will prove our claims.] Kate Brown cannot provide proof of her
210 government. D. Charley bailey cannot prove his court because he is unlawful as is
211 Oregon judiciary Article VII amended Nov. 8, 1910.

212 I'm side tracked into other than injury. The lying, cheating, stealing that we have
213 proof of! And are ready to prosecute! Transgressions egregious, are so injurious as
214 to be ridiculous to define. The jury will recognize the truth without direction in my
215 court of record.

216 DUTY

217 You as my judiciary interface to the government have a moral, legal, and lawful
218 duty to not cause injury. The executive and legislative branches of the federal and
219 all Oregon governments under color of law are unlawful bogus corporations
220 causing injury.ORS 1.025. And the fraud reaches into; as yet not totally defined.
221 The same holds true to those that are party to this, due to the communication
222 restraints placed upon me, I do not include at this time. In accordance to the
223 Universal imperatives, you and yours, that being, those known as government,
224 must not engage in any activity such as: extortion, lying, or breach of our rights
225 and due process. The Universal Imperatives are codified. The ORS also state, that
226 Oregon must protect Oregonians and all others within the state, from that which
227 others, evil doers, can do.

228 We the people are to be protected, from additional harm. Every valid law of the
229 land, Declaration of Independence, Articles of Confederation, Northwest
230 Ordinance, Constitution of the United States of America circa 1819 thru 1860 and
231 valid treaties as of that date 1860, Oregon Constitution are all we have to work
232 with. So, our duty is to that which is known to be valid and lawful in government.

233 All that claim to be government must prove it; because we find corporate
 234 corruption in place of our guaranteed government. FBI; BLM #926038563,
 235 municipalities, County government; state government must prove their standing to
 236 proceed. Just as I have proved our bona fides to our created.

237 Should it be decided to proceed with this case, after this document, we demand
 238 immediate action. We object to any delays. Start actions against all that oppose this
 239 Notice and Demand.

241 BREACH OF DUTY

242 It is believed that the Factual Background indicated that several of the persons
 243 mentioned are civilly and criminally responsible for the actions done to me, the
 244 accused, the murdered and Oregonians in general.

245 It seems that the court has decided to separate civil from criminal. I don't
 246 recognize that it theirs to decide! In a court of record the jury decides. That is was
 247 PAG by law is guaranteed.

248 Henry and Ron have counselors but remain in propria persona, sui juris. Any and
 249 all PAG are considered co council, to this, upon approval By PAGsAA. There is an
 250 abundance of proof to the allegations we have made. There seems to be no proof to
 251 substantiate the government's claims of lawful jurisdiction. Neither do we find any
 252 lawful government. I will send to be copied all the paperwork accumulated if you
 253 need them; no discovery the FBI ignored lawful Oregonian's paperwork. Anna J.
 254 Brown's court ignored the unlawful actions of the FBI. I do believe they are
 255 common knowledge and all concerned have the documentation that has been
 256 neglected due to prosecutorial discretion. Many unlawful acts appear to have
 257 passed. The repugnancy test question is what is required here. Is it repugnant to the
 258 Constitution of the United States of America circa 1860? Oregon Constitution of
 259 the same time!

261 RESTITUTION AND PENANCE

[Type text]

Contact ronvrooman 503 641 8375 with questions, answers; evidence; and to blow a whistle.

This seems to be in order. This all started because the government overstepped their bounds, refused to abide by their own printed and published information. Therefore, civil rights restitution must start right now with \$10,000.00 to each Oregonian showing injury, affidavit is sufficient in all cases.”” Were you, as an Oregonian, distraught, infuriated, disappointed, ill to vomit by the death(injured) of /by Robert LaVoy Finnicum’s demise, passing, murder, suicide by cop, ?”Triple this amount for PAGsAA during the next 1 month. The correct details are codified and will be negotiated. \$10,000.00 per incident I believe is the minimum. Maybe only one month or 12 more? your call. Guilt of the charges is not the question, there is no additional proof required, just % of culpability and payment for remedy by law, best suited for the plaintiff of the many to choose from. Attached or available just call.

It is noted that the only authorized government agency in the municipality of Beaverton is the duly authorized by the people, is the Beaverton Oversight Committee. A corporation is not a government agency, FBI and others See the Pinkerton Act. Additional restitution and penance will be extracted in further PAG actions to be filed soon. The bureaucracy will continue in place and at the direction of the CPA firm authorized by the Beaverton Oversight Committee at the order of this court of record and the enforcement of the Marshall for transition from color of law Corporation into Government.

DEMAND

The Beaverton Oversight Committee shall therefore, appoint two of the people in charge of correcting government until all repugnancy is gone. Think, Franklin, son of Billy house of Graham and Guy Kawasaki. By order of this court.etc. A complete audit, inventory and analysis of the government and the bogus color of law corporations discovered and the unlawful actions determined by investigation. Or if there is proof of a better method, obtain concurrence from the plaintiffs.

THEREFORE, WE require you and yours at the court of record and with a lawful jury make all due haste find the de facto government(s) have overstepped their bounds and the cases are frauds and void ab initio and restitution shall be made, or not. Time is now for all agencies to do their jobs and abide by the laws, not just the color of law. One can self cure, contact us. This is to be completed by June 29,

2016 except for the jury trial portion. Reasonable people will sort this out, stop doing wrong, self cure. There is still a huge settlement to be made to all known victims of these egregious acts. Lots of advertising and affidavits. Damages of \$100,000.00 will be accepted in lieu of compliance plus default remedy.

DEFAULT Remedy

If you fail to satisfy the demand promptly, you identified here as, Government et al, (the entire chain of tainted government in this Notice and Demand and the individuals also discovered to be individually in error of bond or risk), for your respective agencies and bond and/or risk management holders as of June 15, 2016 plenty of time for the government to prove their claim of ownership of the law and land and government therefore lawful jurisdiction. Prove it by document of said governments to meet the standards of the 4 or 5 Organic laws. This is to be done, to the satisfaction of the court and plaintiff, that there is standing to continue the case.

You and all will be in default on June 15, 2016 or ready to go to court and have shown the judge and plaintiff enough to get a trial and not go straight to jail. And pay these penalties specified by PAG here.

1. \$10,000.00 paid to each affidavit from one of the people of Oregon, Supporting truth and allegation of civil rights, due process and RICO violations. By court order and enforced by the Marshall. Same dates for this default as above, Bundy et al are automatically included each for this penalty.

2. \$10,000.00 Ronald Vrooman, Ross Abordokaninau , the total arrested in Bundy et al, another \$10,000.00 to all affidavits of Oregonians that prove or allege similar treatment by government passed thru me in the next 12 months, with the same conditions applying for each one. The court or government will have to sort out how the payments are to be paid. It is all covered in statutes. All are named and as individuals of a corporation may be sued by name. Several case law on this type are available.

A lump sum Payment to be negotiated by the PAG standards in the USC. There is a triple penalty if so include PAGsAA in on that. Where the penalty money comes from is for the court, bonders, et al to decide, bonds, risk management, personal property .

A penalty fund of \$100,000.00 for investigation and witnesses as seed money for further action into the branches of this poisonous tree we are dealing with. Payable to the Beaverton Oversight Committee by court order within 10 days of default date) **For the judge to decide and continue the monthly payments of \$10,000.00 until this court and this judge declares the repugnancy gone by prosecution of one of the people. PAG.** To be enforced by this court's order, served by the US Marshall(s). Is it will be mutually agreed by all to determine this, in a federal court of record by all the laws and statutes that apply most favorabl to the plaintiffs..

The default penalty for Oregon \$100,000.00; for poor judgment and bad actions by employees of in color of law corporate stand in's for government.. Payable as above. PAG to of course receive their pay and bonus as directed by law. Co-ordinated b y Ronald C Vrooman or other PAGsAA such as Henry or Jenn.

And on or about 5 days after the start, of the date of this case, a Skype conversation should take place and for several times and the judges staff will sort that out. Liaison as there is much backed up by these court induced bottlenecks.

We will start those other required proceedings to obtain justice as needed. What a horrid travesty this turned out to be, a really low form of human endeavor.

Furthermore, we are prepared to continue on in each case and open more. We will see this through to the just finale for all the people.
